

# ICPP Annuity Preparation Fund

## Investment Strategy

The objective of ICPP Annuity Preparation Fund (Fund) is to provide income through a portfolio of Canadian fixed income securities that is sufficiently diversified to minimize investment risk. The Fund will invest in units of the iShares Core Canadian Long Term Bond Index ETF (XLB) and in units of the iShares Core Canadian Universe Bond Index ETF (XBB), both of which are an exchange traded fund (ETF) offered by Blackrock Canada as listed on the Toronto Stock Exchange (TSX) (or other suitable fixed income ETF investments listed on the TSX that invest in either long term Canadian fixed income instruments or the universe of Canadian fixed income instruments with either an investment benchmark related to the FTSE Canada Long Term Bond Index or the FTSE Canada Universe Bond Index at the manager's discretion).

The XLB ETF invests in the universe of Canadian long term fixed income investments. The XBB ETF invests in the universe of Canadian fixed income investments.

— ICPP Annuity Preparation Fund    — Annuity Preparation Benchmark

Benchmark returns are equal to two thirds of the FTSE Canada Long Term Bond Index and one third of the FTSE Canada Universe Bond Index in Canadian dollars. This benchmark is used to provide reference to widely known and followed benchmarks.

Rates of return for the Fund are calculated on back-tested data for periods prior to the inception date. Back-tested performance data is based on a model and is hypothetical performance data, it does not depict actual performance returns for ICPP Annuity Preparation Fund and it has been calculated with the benefit of hindsight.

The indicated rates of return are historical annual compounded total returns, including changes in unit value and reinvestment of all distributions. Investments in the Fund are not guaranteed, their values change frequently and past performance may not be repeated. Investment losses do and may occur, and investors could lose some or all of their investment in the Fund.
